| <p>At SeaFish, our mission is to support a profitable, sustainable and socially responsible future for the seafood industry. We represent the UK fishing industry and aim to support the fishing industry while supporting government policy as much as possible.</p> | <p>M&amp;S provided funding towards the Lyme Bay Fisheries and Conservation Project, a ground-breaking initiative developed with the Blue Marine Foundation to achieve a well-managed Marine National Park that will benefit fishermen and conservationists alike.</p> |

| <p>I am from the MMO (Marine Management<br/>Organisation) – we license, regulate and plan<br/>marine activities in the seas around England so<br/>that they're carried out in a sustainable way.</p> | <p>I am from the IFCA (Inshore Fisheries and<br/>Conservation Authorities) – a government<br/>regulator but we work on a local level and<br/>are responsible for fisheries and conservation<br/>management.</p> |
| <p>Government 1<br/>(MMO)</p>  | <p>Government 2<br/>(IFCA)</p>  |
| <p>We're the government's adviser for the natural<br/>environment in England, helping to protect<br/>England's nature and landscapes for people to<br/>enjoy and for the services they provide.</p>  | <p>We are carrying out several research projects<br/>involving Lyme Bay. This includes reef recovery<br/>since the trawling ban in 2008 and a scientific<br/>potting survey.</p>                                |

| <p>           Promote sustainable practice in Bridport area. Initiate and support environmental projects. Protect and enhance local natural and built environment. Influence local, regional and national planning policies and decision making.         </p>   | <p>           I sell some of the fish caught in Lyme Bay. I like to sell local produce especially as I know that is responsibly sourced and caught and the quality of the fish from Lyme Bay is very good.         </p> |

| <p>           We are an independent strategic multi-sector partnership, hosted by Dorset County Council. We work with stakeholders to promote a sustainable approach to the planning, management, use of and development of the Dorset coast and its inshore waters, from Lyme Regis to Christchurch out to 12 nautical miles.         </p> |   |
